What's really going on with you
You got me feeling so confused
It's almost like you're not here
We've been stuck in the same gear

You think that I don't see the truth
What am I holding to
I'm so torn apart this scattered heart

Cause I don't wanna loose myself finding you...

[Chorus:]
Broken I'm so broken
But still holding on to you
Hoping I'm still hoping
But still hurting over you

I've been giving all of me
I know that you're holding back
I got a mind to walk away
My heart is pulling me to stay

You think that I don't see the truth
What am I holding to
I'm so torn apart this scattered heart

Cause I don't wanna loose myself finding you...

[Chorus:]
Broken I'm so broken
But still holding on to you
Hoping I'm still hoping
But still hurting over you

Cause I'm about to loose myself finding you...

[Chorus]
