Walking through the fire, Please don't let me go.  
Take me to the river, I need you to know  
I'm burnin' up, come put me out, come and put me out  
I'm burning up, come put me out, come and put me out

Hot in the kitchen like a thousand degrees, that's how I'm feeling when you're next to me  
I got a fever, tell me what did you do?  
Temperature rising when I look at you, look at you

Subliminal, sex  
Drippin' in, sweat  
I'm losing my, breath

Look what I've found  
It's 'bout to go down  
I want it right now

Walking through the fire, Please don't let me go.  
Take me to the river, I need you to know  
I'm burnin' up, come put me out, come and put me out  
I'm burnin' up, come put me out, come and put me out  
I'm burnin' up, come put me out, come and put me out  
I'm burnin' up, come put me out, come and put me out

I've got the matches, you've got the gasoline  
Light up the floor like it's Billie Jean  
The way we're moving, by the end of the song  
They're gonna have to pull the fire, f-fire alarm

Subliminal, sex  
Drippin' in, sweat  
I'm losing my breath

Look what I've found  
It's 'bout to go down  
I want it right now

Walking through the fire (walking through the fire)  
Please, don't let me go (please, don't let me go)  
Take me to the river (take me to the river)  
I need you to know (I need you, I need you to know)
