Dara baby  
I'm so obsessed with your lips, lips  
I've been thinking 'bout the things I've missed, missed  
And I know you wanna get a taste of this  
I know you've been thinking 'bout the things we miss,

Uh, all this poison went up to my mind,  
Can't remember what we did last night,  
And it doesn't feel so wrong when you're around,  
We should be moving right now,

Call me, call me now,  
You're about to,  
Call me, call me up,  
And I want to,  
Call me, Call me now  
You're about to  
Call me, call me up,  
And I want to

Alright  
Bun by fyah once  
Bun by di fyah twice  
So no more mistah nice  
Yuh cold as ice, ice, ice  
Gyal Yuh and mi for real  
I'ma love dealer  
I'ma Pumpum killah  
Yuh know i'll be yuh healer

Oh gyal like yuh need nuh ragga muffin  
Oh yuh need a man for yuh fi tek it so slow  
Passion bunning deep inside inna yuh soul  
Mi deh pon yuh case gyal sure

Call me, call me now,  
You're about to,  
Call me, call me up,  
And I want to,  
Call me, Call me now  
You're about to  
Call me, call me up,  
And I want to

And if you miss me then, then,  
You'll call again,  
Yeah, oh baby if you miss me then, yeah,  
You'll call again,

Oh baby,

Call me, call me now,  
You're about to,  
Call me, call me up,  
And I want to,  
Call me, Call me now  
You're about to  
Call me, call me up,  
And I want to
