I heard you got a new chick
Did she know that you are toxic
Bet you give her all that fake shit
Spitting bullshit like a rocket

You're a dangerous addiction (addiction)
Does she know that you are fiction (fiction)
Bet you give her all the friction (friction)
But that's alright

Once you can fool me
But you won't fool me twice, iih
Ain't gonna do this
Ain't gonna take more lies, iiii'm
Moving on, moving on, moving on
i-i-i-i-i once let you fool me
I know you're cold as ice, iih

Wasn't ready for your diet
Wish I never had to try it
Couldn't shut it, keep it quiet
In the bedroom makin' riot

U stole my heart n' then u shot it, shot it
Always bullets in your pocket, pocket
Now I'm sitting in the cockpit
But that's alright

Once you can fool me
But you won't fool me twice, iih
Ain't gonna do this
Ain't gonna take more lies, iiii'm
Moving on, moving on, moving on
i-i-i-i-i once let you fool me
I know you're cold as ice, iih

After all mistakes you made
I won't be the one you play
Lesson learned, I'm on my way
I'm on my way now

Once you can fool me
But you won't fool me twice, iih
Ain't gonna do this
Ain't gonna take more lies, iiii'm
Moving on, moving on, moving on
i-i-i-i-i once let you fool me
I know you're cold as ice, iih
