(Chorus)

Somebody help me out
I feel like going crazy, help me out
I'm falling for my baby, help me out
With everything she does she turns me on
I locked her in my heart 'cause she's a criminal

(Drop it)

(Verse)

Anybody seen that girl of mine?
Always want to shine
Always catching your attention
No, I can't get her out of my mind
Forever changed my life
Gotta have er, gotta taste er, gotta do it right

(Bridge)

And I get it
That she's playing
Keeps me wishin, keeps me guessin
I can feel it
And I get it
That she's playing
Keeps me wishin, keeps me guessin

Fly to the moon in one day
