Sweat drippin' from my body
We both at this party
So come and show me your moves
I got some things I can teach too
If you wanna see, oh
You say you a need a shot of the Henny
Then you're ready
Do what you need to do
Cause I'll be waiting for you
It's about to get hot and heavy

[Pre-Hook:]
It's really late
You're getting close and the lights are off
Your body's in sync to the beat of my heart
And I can feel your nature rising while I wind on you

[Hook:]
Let's dance like we're making lo-o-o-o-o-ve
Ma-a-king lo-o-o-o-ve
Let's dance like we're making lo-o-o-o-o-ve
Ma-a-king lo-o-o-o-ve

Let's dance like we're making love

If we're down just maybe
We dance like we're making babies
As soon as our song comes on
Cause boy we got all night long
So if you ready, I'm ready
To get it, come on
I see a little faded
You wanna get crazy out on this floor
I hope you sure this is what you want
Cause once I'm turned on
You can't turn me off

[Pre-Hook]

[Hook x3]

Of the wall
Body to body you and I
All through the night baby
Closer than before
Dance like no one's watching you and I, and I
Be the time of your life baby

[Hook x3]
