You killed me when you left me
Now you're looking at a dead man walking
Killed me when you left me
Now you're looking at a dead man walking

(dead man walking)
(dead man walking)
(dead man walking)

I said no, you said yes
I will go don't love you no more
And you let me alone with a broken soul
And you killed all my dreams, you killed everything
Can't go on living without you by my side

There's no death, there's no life

[2x]
You killed me when you left me
Now you're looking at a dead man walking
Killed me when you left me
Now you're looking at a dead man walking

(dead man walking)
(dead man walking)
(I'm a dead man walking)

I'ma, I'ma, I'ma

I said back, you said right,
I don't mind, let's leave all behind
I'm sure we can find a new way of life

Cause you've killed all my dreams, you killed everything
Can't go on living without you by my side

There's no death, there's no life

[2x]
You killed me when you left me
Now you're looking at a dead man walking
Killed me when you left me
Now you're looking at a dead man walking

[2x]

I Know we broke up, kind of messed up
But I know that we can give it one more try
Broke up, kind of messed up
But I know that we can give it one more try

[2x]

You killed me when you left me
Now you're looking at a dead man walking
Killed me when you left me
Now you're looking at a dead man walking

(at a dead man walking)

(at a dead man walking)

You killed me when you left me
Now you're looking at a dead man walking
Killed me when you left me
Now you're looking at a dead man walking
