All hands on the trigger  
All eyes on the gun  
They don't believe that we are  
Strong enough to hold on  
'Cause I'm the only one to get you  
The only one to figure you out  
You're a place that I can go to  
A face I couldn't live without  
And nobody sees what we do  
Don't need anybody else around

No matter what they told us  
Gravity won't hold us down

Even gravity can't hold us  
Even gravity can't hold us down  
Even gravity can't hold us  
Not even gravity can hold us down

'Cause I'm the only one to get you  
The only one to figure you out  
You're a place that I can go to  
A face I couldn't live without  
And nobody sees what we do  
Don't need anybody else around  
Cause no matter what they told us  
Gravity can't hold us down

Can't understand the logic of how we came to be  
Or what we gaining from it  
That we should dare to dream

'Cause I'm the only one to get you  
The only one to figure you out  
And there's nothing left to go through  
Just look at where we are right now  
They'll never see it in the way we do  
'Cause they'll never have what we have found  
It don't matter what they told us  
Gravity won't hold us down

Even gravity can't hold us  
Even gravity can't hold us down  
Even gravity can't hold us  
Even gravity won't hold us down  
Gravity, gravity  
And even gravity, gravity  
Gravity, gravity  
No, gravity, can't hold us down  
Gravity, gravity  
Not even gravity, gravity  
Gravity can't hold us  
Even gravity can't hold us down  
Can't hold us down  
Can't hold us down
