Come here and visit my world Come here and visit my world did the street shining stars our love is the only way don't get lost cause I'm waiting summer feelings are waiting, boy

You and me is more than hundred miles you and me is more than the grey sky you and me is more than lonely days it's our time to go dance with me, one more time

You and me is more than hundred miles you and me is more than the grey sky you and me is more than lonely days it's our time to go, dance with me one more time

Come here and visit my world did the street shining stars our love is the only way don't get lost cause I am waiting summer feeling are waiting, boy

You and me is more than hundred miles you and me is more than the grey sky you and me is more than lonely days it's our time to go

Da-da dance with me one more time

Dance with me one more time

You and me is more than lonely days it's our time to go da-da dance with me one more time

You and me is more than hundred miles you and me is more than the grey sky you and me is more than-tha-tha it's our time to go dance with me one more time
