Give me the beat.

I like, like, like, like.(x4)

Give me the beat.

I find you look so good, I hope you understood,  
don't wanna travel around no, 'cause I would like you to play now.

Ref.

Loving you, it makes me feel so good,  
loving you, you make me feel so good.

And I, I like, like, like, like.

I like to rule and I, I like, like, like, like, I like your groovin', I like, like, like, like,  
I like to rule and I, I like, like, like, like, I like to prove it high.

Give me the beat.

My mind just flies at you, I think it's something new,  
my heart keeps beating for you on, just like a summer sensation.

Ref.

And I, I like, like, like, like.

I like to rule and I, I like, like, like, like, I like your groovin', I like, like, like, like,  
I like to rule and I, I like, like, like, like, I like to prove it high.

Ref.

And I, I like, like, like, like.

I like to rule and I, I like, like, like, like, I like your groovin', I like, like, like, like,  
I like to rule and I, I like, like, like, like, I like to prove it high.
