Oh, I didn't want it to end like that
My heart
folded up like an acrobat
Why do you keep hiding away from me
Away from me

I knew from the moment we met that you
Would run I don't know why you needed to
Why couldn't you leave a trace for me, oh just for me

Everybody's staring I don't think that I can hold my breath
As I look for you, I only find you in my head
Picking up the pieces that I is all you left me with
You're always in my head

You
Filled all the holes that you found in me
Now that you're gone, you're all I see
I hope I look in those eyes again
They're always in my head

No, I don't know how

You
Filled all the holes that you found in me
Now that you're gone, you're all I see
I hope I look in those eyes again
They're always in my head
Oh, I'm in love with them

Somehow you became my oxygen
And now I don't know when I'll breathe again
I found my home and now it's lost again
I'm lost again

Everybody's staring I don't think that I can hold my breath
As I look for you, I only find you in my head
Picking up the pieces that I is all you left me with
You're always in my head

You
Filled all the holes that you found in me
Now that you're gone, you're all I see
I hope I look in those eyes again
They're always in my head
No, I don't know how

You
Filled all the holes that you found in me
Now that you're gone, you're all I see
I hope I look in those eyes again
They're always in my head
No, I don't know how

I'll never be the same, and you are the one to blame
You were only looking for someone to play
Everything I gave
It was all in vain
Oh now I'm running

You
Filled all the holes that you found in me
Now that you're gone, you're all I see
I hope I look in those eyes again
They're always in my head
Oh, I'm in love with them
