Looking back, we had a long way, we been having problems, so let's talk about it,
feeling sad when you're far away, it ain't over, it ain't over.

The way you look at me, i don't know what you see,
tell me what you need, it ain't over, it ain't over.

Ref.

Do you think of me? It ain't over yet, is this what you need? It ain't over yet,
see me in your dreams? It ain't over yet, don't you stop it now.

It ain't over.(x4)

Follow me, we got a long way, forget our problems, hold it keep it going,
turn around I'm a give my best, it ain't over, it ain't over.

The way you look at me, i don't know what you see,
tell me what you need, it ain't over, it ain't over.

Ref.(x2)

It ain't over.(x7)
