Last Night - Liar

текста е наличен благодарение на Tekstove.bg

Said you need me, then you just go Then you just go with all my love Said you need me, then you just go Then you just go with all my love

You said you love me You said you need me And I've waited all night long But you're a liar, set me on fire And you played me all along

All along, yeah, you were lying You were lying, yeah I can see that you were trying Trying to play me
