

# Roya - Lie

текста е наличен благодарение на [Tekstove.bg](http://Tekstove.bg)

My mom told me darling when you get to loving  
Know what goes up always must come down  
Guess she was right then 'cause you just keep trying  
I hear you been running 'round and 'round town

'Cause you-uuu-uh got me fooled  
Don't care what you say  
Love won't treat me that way  
'Cause you-uuu-uh got me fooled  
Don't care what you say  
Love won't treat me that way

Truth will unfold and it shows  
'Cause boy I know you lie lie lie lie  
Boy I can read it in your eyes  
'Cause when you lie lie lie lie lie  
Spreading like the fire, you only get to try it one time  
Lie lie lie lie lie  
Boy I can read it in your eyes  
'Cause when you lie lie lie lie lie  
Spreading like the fire, you only get to try it one time

Wish I believe you, but you're up to no good  
I could forgive, but it don't feel right  
Your words don't get through, all sound so untrue  
'Cause my suspicions have multiplied

'Cause you-uuu-uh got me fooled  
Don't care what you say  
Love won't treat me that way  
'Cause you-uuu-uh got me fooled  
Don't care what you say  
Love won't treat me that way

Truth will unfold and it shows  
'Cause boy I know you lie lie lie lie  
Boy I can read it in your eyes  
'Cause when you lie lie lie lie lie  
Spreading like the fire, you only get to try it one time  
Lie lie lie lie lie  
Boy I can read it in your eyes  
'Cause when you lie lie lie lie lie  
Spreading like the fire, you only get to try it one time

You said your forevers, what about never  
You lied, so count me out.  
You said your forevers, what about never  
You lied, so count me out.  
You said your forevers, what about never  
You lied, so count me out.  
You said your forevers, what about never  
You lied, so count me out.

I know you lie lie lie lie  
Boy I can read it in your eyes  
'Cause when you lie lie lie lie lie  
Spreading like the fire, you only get to try it one time  
Lie lie lie lie lie  
Boy I can read it in your eyes  
'Cause when you lie lie lie lie lie  
Spreading like the fire, you only get to try it one time
