Suddenly I met you there, oh baby  
and felt a deep love inside my heart,  
we spend the night together there, oh baby  
and nothing was the same again into my life.

Wrong to say, I'm thinking about you  
and dreaming of you day after day,  
I realize, I can't sleep without you,  
can't live without you.

[Chorus:]  
Love above the ocean,  
no matter how, we'll be together,  
loving is impossible when love is strong.

Everything I want is you, oh baby,  
your love can make my days to shine as bright as sun,  
no matter where you are right now, oh baby,  
you know my heart belongs to you alone my love.

Every night I'm thinking about you  
and dreaming of you day after day,  
I realize I can't sleep without you,  
can't live without you.

[Chorus:]  
Love above the ocean,  
no matter how, we'll be together,  
loving is impossible when love is strong.

Alone in my bed at night,  
remember every day and night, we'll be together,  
God is the only one,  
who gives me strength to wait and to believe.

[Chorus: x3]  
Love above the ocean,  
no matter how, we'll be together,  
loving is impossible when love is strong.
