You love how you push me to the point of crazy
And I love when you're on your knees and begging for me
You got me good with all these mind games
There you go, you got my heart again

Say my name, I wanna hear you call
Hold me close, I wanna feel your heart
I'm in a cold sweat and I want you bad
Now you got me all in my head, like damn

[Chorus: x4]
I'ma show you how, show you how, show you how
To love again

Say my name, I wanna hear you call
Hold me close, I wanna feel your heart
I'm in a cold sweat and I want you bad
Now you got me all in my head, like damn

[Chorus: x8]
I'ma show you how, show you how, show you how
To love again
