You're my favorite

I treat my penthouse like basements, yeah  
I treat a bad bitch like she basic, aw yeah  
I hit three hundred hoes way before I was famous, yeah  
I'm faded, I'm faded, I usually don't say shit  
(Faded)  
(Faded)

Fuck with a nigga even if I ain't had no bitch  
She wanna take it slow I told that bitch to go pop some xans  
She said "I took about three, I don't know how long it's gonna last"  
I tell her "shut the fuck up" cause she love when I talk like that

I just wanna get you naked  
I just wanna get you naked  
I, I just wanna get you naked  
Out of all the pussy you're my favorite

And all my niggas say Jay you better chill better know you're a keeper  
Bought you a benz with the windows tinted, can't nobody see you  
I just wanna get you naked  
Out of all the pussy you're my favorite  
Smoke that shit, boutta  
Fuck her so good she like aw  
My nigga I'm a CEO, oh, oh, oh

Look we can talk about hits or talk about who I hit  
Did a song with 2 Chainz but I was rocking my shit  
Yeah I broke up with my ex, I ain't talk to her since  
The only time I need the sparks is when I light up my spliffs  
Yeah I been all around the world, probably write me a book  
Three kitchens in the crib, I don't know how to cook  
I got a mansion in Miami, I forgot how it look  
All I need is two things and that's pussy and kush  
Waving in the foreign, nigga always  
Got a nigga feeling like the God, I think I'm Charlemagne  
Too much for all the plaques in my hallways

Fuck with a nigga even if I ain't had no bitch  
She wanna take it slow I told that bitch to go pop some xans  
She said "I took about three, I don't know how long it's gonna last"  
I tell her "shut the fuck up" cause she love when I talk like that

I just wanna get you naked  
I just wanna get you naked  
I, I just wanna get you naked (get you naked baby)  
Out of all the pussy you're my favorite

And all my niggas say Jay you better chill better know you're a keeper  
Bought you a benz with the windows tinted, can't nobody see you  
I just wanna get you naked  
Out of all the pussy you're my favorite  
Smoke that shit, boutta
