I'm feeling something, something different  
When you left, the picture changed  
I was blinded, I'm not envisioned  
The same face in a different frame

It's an omen  
Caught my baby crying  
Saw the silver lining  
It must be an omen  
Needed you to show me  
Without you I am lonely

My mind would rule my heart  
I didn't pay attention to the light in the dark  
It left me torn apart  
But now I see your tears are an omen

Oh-oh-oh-oh  
Oh-oh-oh-omen  
Oh-oh-oh-oh  
Oh-oh-oh-omen

You were waiting, I was vacant  
You left before my eyes  
Then it hit me, you're relocating  
And I need you by my side

It's an omen  
Caught my baby crying  
Saw the silver lining  
It must be an omen  
Needed you to show me  
Without you I am lonely

My mind would rule my heart  
I didn't pay attention to the light in the dark  
It left me torn apart  
But now I see your tears are an omen

My mind would rule my heart  
I didn't pay attention to the light in the dark  
It left me torn apart  
But now I see your tears are an omen

Oh-oh-oh-oh  
Oh-oh-oh-omen  
(Woah, now love)  
Oh-oh-oh-oh  
Oh-oh-oh-omen  
(I didn't pay attention to the light in the dark)

Oh-oh-oh-oh  
Oh-oh-oh-omen  
(But now I see your tears are an omen)  
Oh-oh-oh-oh  
Oh-oh-oh-omen  
(Now I see your tears are an om-omen)  
Oh-oh-oh-oh  
Oh-oh-oh-omen
