I used to think that we were perfect,  
Boy, was I wrong..  
you kept saying that you were busy,  
When really you were having your fun

I tried, and I've tried  
with you boy can't you see,  
Don't want you havin'  
anything to do with me,

I've cried and I've cried  
for you but now I see,  
you really never deserved me

[Chorus: x2]  
Yo quiero besar tus labios, mi caricia  
Cuando me abrazas ja siento tu energia  
Quise dejarte, pero fuiste siempre mi belleza  
Aun estas aqui cautivo en mi cabeza

I got busy, you got busy, time is ticking,  
There's no way I'm gonna get you out,  
Of my mind, I thought maybe it was easy,  
But all I hear is your voice and it's loud

I tried, and I've tried  
with you boy can't you see,  
Don't want you havin'  
anything to do with me,

I've cried and I've cried  
for you but now I see,  
you really never deserved me

[Chorus: x2]  
Yo quiero besar tus labios, mi caricia  
Cuando me abrazas ja siento tu energia  
Quise dejarte, pero fuiste siempre mi belleza  
Aun estas aqui cautivo en mi cabeza

I might be..  
Too contradictory  
Cauze all my thoughts,  
Are bringing you to me,

I tried, and I've tried  
with you boy can't you see,  
Don't want you havin'  
anything to do with me,

I've cried and I've cried  
for you but now I see,  
you really never deserved me

[Chorus: x2]

Yo quiero besar tus labios, mi caricia  
Cuando me abrazas ja siento tu energia  
Quise dejarte, pero fuiste siempre mi belleza  
Aun estas aqui cautivo en mi cabeza
