Never say never when we are together  
Then sing the rain in July, the rain in July  
Never say never, love can last forever  
Then sing the rain in July, the rain in July

Don't stop dreaming, don't stop dreaming  
Cause I'm burn, can you feel the fire, baby, fire  
Ooh, don't stop dreaming, don't stop dreaming  
Cause I'm burn, can you feel the fire, baby, fire

Hey, say my name, say my name  
The first time I saw you, couldn't let go you  
Yo, here I go, here I go  
Your rise makes the sun go down

Tonight is the night, can you feel it  
Just you and me as we dreamed  
Yo, here I go, here I go  
I just wanna lose control

Well, my heart is petrified  
The time is frozen asking why  
Never used to fly  
When you were mine

Never say never when we are together  
Then sing the rain in July, the rain in July  
Never say never, love can last forever  
Then sing the rain in July, the rain in July

Don't stop dreaming, don't stop dreaming  
Cause I'm burn, can you feel the fire, baby, fire  
Ooh, don't stop dreaming, don't stop dreaming  
Cause I'm burn, can you feel the fire, baby, fire

Hey, can't let go, can't let go  
We dancing so naughty, body to body  
Oh, here we go, here we go  
We making the world go down

Tonight is the night, can you feel it  
Just you and me as we dreamed  
Yo, here I go, here I go  
I just wanna lose control

Well, my heart is petrified  
The time is frozen asking why  
Never used to fly  
When you were mine

Never say never  
Yo, here I go  
Say what?  
Girl

Never say never  
Rain in July  
Ready?  
Go!

Never say never when we are together  
Then sing the rain in July, the rain in July  
Never say never, love can last forever  
Then sing the rain in July, the rain in July

Don't stop dreaming, don't stop dreaming  
Cause I'm burn, can you feel the fire, baby, fire  
Ooh, don't stop dreaming, don't stop dreaming  
Cause I'm burn, can you feel the fire, baby, fire
