I'm lovin' the way that you touch me
Feelin' as good as the summer
Our love doesn't need any money
Your eyes struck me hard as a thunder

I imagine us in a Rover
Driving till the road is over
You're the sand, I'm the ocean
Baby, I can breathe underwater yeah

[Chorus:]
Forget the issues
Cause we're runnin' away for good, baby
Runnin away cause we could, baby
Runnin away for good, baby
We're runnin' as far as we could, baby
Living the life that we should have
We're runnin' away for good, baby
We're runnin', runnin', runnin' baby
We're runnin', runnin', runnin' woo-hoo
We're runnin', runnin', runnin' baby

We're runnin away for good

Memories coming back
You're coming so hard but you're going so fast
Another heart attack
Forgot the messages, they're in the past

I imagine us in a Rover
Driving till the road is over
You're the sand, I'm the ocean
Baby, I can breathe underwater yeah
I can breathe underwater yeah

[Chorus:]

Forget the issues

Cause we're runnin' away for good, baby

Runnin away cause we could, baby

Runnin away for good, baby

We're runnin' as far as we could, baby

Living the life that we should have

We're runnin' away for good, baby

We're runnin', runnin', runnin' baby

We're runnin', runnin', runnin' woo-hoo

We're runnin', runnin', runnin' baby

We're runnin' away for good
