[Chorus:]

You salty, I'm taken
You so salty, got you craving
Wish you had woman like me
Guess you gotta wait and see
You want it, can't have it
Just saying saying, "Dammit"
Wish you had woman like me
Guess you gotta wait and see

Slowly, you tryna make your way on me
Then calling me shorty
Crossing all boundaries, you lonely
Quit saying I'm stone cold
I'm pulling through with them no no's
Not picking up phone calls
Look at you now you so salty

I be like a diamond
Hit 'em like Poseidon
You got nowhere to run, boy
Man, I got a good one
I know it makes your eyes burn
gotta make a slow turn
Yeah

[Chorus:]

You salty, I'm taken
You so salty, got you craving
Wish you had woman like me
Guess you gotta wait and see
You want it, can't have it
Just saying saying, "Dammit"
Wish you had woman like me
Guess you gotta wait and see

Sorry, I know u mad u can't own me
I'm busy, I'm bossy
Living my life like Naomi
At least you got someone
Treat her right with that good stuff
Forget about us once
I got my guy he called shot gun
(Shot shot shot shot)

I be like a diamond
Hit 'em like Poseidon
You got nowhere to run, boy
Man, I got a good one
I know it makes your eyes burn
gotta make a slow turn
Yeah

[Chorus:]

You salty, I'm taken
You so salty, got you craving
Wish you had woman like me
Guess you gotta wait and see
You want it, can't have it
Just saying, saying, "Dammit"
Wish you had woman like me
Guess you gotta wait and see
