About to land after years of joy,
Life was a fairy tale that you've destroyed.
I feel the ground, hard to walk again.
You told me how to fly, controlled my hand.

Save me, save me...
Shoot me down, blow me down,
Save me, kill me.
Shoot me down, blow me down.
Save me, save me...

Time to heal, take another plane.
Hiding all my tears won't kill the pain.
Afraid to run,
We're scared about the changes,
Please, please, no freedom,
Please, leave me again.

Save me, save me...
Shoot me down, blow me down,
Save me, kill me.
Shoot me down, blow me down.

Save me, save me...
Shoot me down, blow me down,
Save me, kill me.
Shoot me down, blow me down.
Save me, save me...

Save me, save me...
