[Verse 3 - Juicy J:]

She know what she working with

(She know, she know, she know)

I see you, uh

You got my attention baby, go do what you do

I think she noticed, know you gon' have to make a move

All this ice in my rolley, no wonder I play it cool

Ain't no 'I' in Team but

I got my eyes on you, I watch it bounce

When she walk, she lick her lips

When she talk

I throw her in that Bentley coupé with the top off like Mardi Gras

All that cake, come get you some filling

Like a soap opera come watch all my children

Hit it so long that she might lose feeling

With her legs in the air, she gon' walk on the ceiling

[Pre-Hook 2]

[Hook]
