You never loved me
Is that what you tell her
When you're together
Oh my my
Cus you wanna be here
That's what you tell me
why are you playing games
Oh my my

You run in a circle baby
Never getting out
Of your mind of your mind
and you keep drinking down the love
and I've had enough
Oh this time oh this time

[Chorus:]
I'm not picking up the phone
Won't be here when you come home
I won't drink you over
Cus I'm getting sober
And It might be hard to do
But I will get over you
I won't drink you over
Cus I'm getting sober

I'm getting stronger
Left me to wonder
If we're still together
Oh my my
you wanna be with me
But you're not true to me
Oh I won't play your games
Oh no no

You run in a circle baby
Never getting out
Of your mind of your mind
'Cause you keep drinking down the love
and I've had enough
Oh this time oh this time

[Chorus:]

I'm not picking up the phone
Won't be here when you come home
I won't drink you over
Cus I'm getting sober
And It might be hard to do
But I will get over you
I won't drink you over
Cus I'm getting sober

I don't need your lies no more no more
I don't need your lies no more no more

[Chorus]
