Don't you know, you're taking me higher  
Oh, you know you're making me sweat  
don't you know, you're taking me further  
to places i've never been  
don't you know, i'm nothing without you  
Oh, you know i can't survive  
Oh, you're showing me an adventure  
Oh, you make me feel alive

Oh, something is taking me over me  
Girl you know i can't breathe  
Oh, you're taking over me  
just take me to infinity

Don't you know, you're taking me higher  
Oh, you know you're making me sweat  
don't you know, you're taking me further  
to places i've never been  
don't you know, i'm nothing without you  
Oh, you know i can't survive  
Oh, you're showing me an adventure  
Oh, you make me feel alive

Oh, something is taking over me  
Girl you know i can't breathe  
Oh, you're taking over me  
just take me to infinity

Take me to infinity
