

# Years & Years - Take Shelter

---

текста е наличен благодарение на [Tekstove.bg](http://Tekstove.bg)

I'll wait until you have to go,  
I'll make it so you never ever know  
How much I have messed it up!  
We're running 'round like we don't care,  
It's gonna leave some marks,  
Do you want to show me something new?

(You go now, reached my top anyway  
You go now, reached my top anyway)

Just tell me what I have to do,  
To keep myself apart from you  
All your colors start to burn  
I know I wanted far too much,  
Then I thought that wouldn't be enough  
All this talk's closing you

Take shelter, aaah  
Take the pressure, aah  
Do what you want tonight, it's alright  
If you want to get use to  
You get use!  
Take shelter, aaah  
Take the pressure, aah  
Do what you want tonight, it's alright  
If you want to get used  
Then get used!

I don't really wanna stop myself  
Nobody's gon' tell me I need help,  
Are you coming over soon?  
I meet you at the darkest time  
You hold me, and I have to string my eyes  
I'm shy, cannot be what you like

(You go now, reached my top anyway  
You go now, reached my top anyway)

Just tell me what I have to do,  
To keep myself apart from you  
All your colors start to burn  
And take shelter, aaah  
Take the pressure, aaah  
Do what you want tonight, it's alright  
If you want to get used  
You get used!  
Take shelter, aaah  
Take the pressure, aah  
Do what you want tonight, it's alright  
If you want to get used  
Then get used!

I don't really need this pressure to go  
If you wanna find love,  
If you wanna fins something more  
I'll be the one to run for you  
I don't really need this pressure to go  
If you wanna find love,  
If you wanna fins something more  
I'll be the one to run for you!

Take shelter,  
Take the pressure,  
Do what you want tonight, it's alright  
If you want to get used  
Then get used!  
Take shelter, aaah  
Take the pressure, aaah  
Do what you want tonight, it's alright  
If you want to get used!
