I feel it's like a nightmare  
Is anybody out there  
You said you wanna save me  
But left me in the cold rain  
Na' I don't care

I pick up the phone  
I try to call ya  
One out of two times you answer baby  
Next thing I know  
I'm stuck with the tone  
And we're nothing special

[Chorus:]  
Why U Got Me, Got Me, Got Me  
on the fence like that  
U got me, got me, got me  
on the fence like that  
I'm all good and then I'm bouncing off the wall like that  
U got me, got me, got me  
on the fence like that

It used to be our playground  
You left me in a ghost town  
Been doing good for so long  
But then you're getting homebound  
ya' killing me

I pick up the phone  
I try to call ya  
One out of two times you answer «baby»  
Next thing I know  
I'm stuck with the tone  
And we're nothing special

[Chorus:]  
Why U Got Me, Got Me, Got Me  
on the fence like that  
U got me, got me, got me  
on the fence like that  
I'm all good and then I'm bouncing off the wall like that  
U got me, got me, got me  
on the fence like that

You got me going crazy  
Trapped in your fog, I'm hazy  
Still I am way too lazy to run

I pick up the phone  
I try to call ya  
One out of two times you answer «baby»  
Next thing I know  
I'm stuck with the tone  
And we're nothing special

[Chorus: x2]  
Why U Got Me, Got Me, Got Me  
on the fence like that  
U got me, got me, got me  
on the fence like that  
I'm all good and then I'm bouncing off the wall like that  
U got me, got me, got me  
on the fence like that
