Niggas say they're balling they in a stance  
If they ain't bout business don't shake my hand  
Everything I do (well we-we-well done)  
Everything I do (well we-we-well done)

[Verse 1: Tyga]

Hot a motherfucking man  
Walk up clear the way it's the ambulance  
Firetruck get to the fire in advance  
Pop flow I just... (I just show off!)  
Pop a motherfucking man  
Walk up clear the way it's the ambulance  
Firetruck get to the fire in advance  
Pop flow I just I just gave the track a tan  
Ain't a damn thang we popping champagne

I put her in a vibe like the magazine  
You see it's raining hundreds cash get the cream  
The cream the money and money make her scream  
Nothing personal it was just a quick fling  
But now I'm back to me paper off the shelf bitch  
She just wanna get drunk get fucked taste dick  
Maybe make a new friend get in the Benz with him  
This ain't no simple life you dancing with a star bitch  
Yea yea so keep my spotlight bright  
Cause I'm a be in the dark night  
So go on

[Chorus: Tyga]

Tell these bitches I'm the man  
Money over bitches nigga that's the plan  
Everything I do (well we-we-well done)  
Everything I do (well we-we-well done)  
Niggas say they're balling they in a stance  
If they ain't bout business don't shake my hand  
Everything I do (well we-we-well done)

[Verse 2: Tyga]

Ugh all bout my paper and ain't nothing feeling greater  
Come up like elevators now I'm balling like a laker  
They like my freestyle but they gonna have to pay me  
Candy red marrow tell that bitch it's now or later  
Six speed brand new car smell flavoured  
Look up in the sky thank god that we major  
There's tax to be made world full of danger  
So we'll count it under the table to be safer  
Ace paid in full all hundreds big jewels  
Stones kinda heavy slick Richtor rules  
Gaddy gaddy I'm gnarly rawest in the group  
See you call out the roof  
Sunflying in the coupe

She loves it cause the filling fucking on the million  
Fly you in the morning right now we chilling  
Stuck in the moment then she back to her life  
I'm back to the money cause moneys my life  
So go on

[Chorus: Tyga]

Money over bitches nigga that's the plan  
Everything I do (well we-we-well done)  
Everything I do (well we-we-well done)  
Niggas say they're balling they in a stance  
If they ain't bout business don't shake my hand
