I got your softly whisper in my mind  
Killing me slowly  
Breaking my heart  
'Cause now you're gone

Alone and cold so dark and old right now  
You were keeping a fire all of desire all my life

I hope you're proud of me  
I loved you endlessly  
The only thing I want right now

Tell me why  
You left I wasn't ready right now  
Tell me why  
You give me peace and love all the time

[Chorus:]  
When you were closer  
You were my lover  
Now it's over  
and we are done  
And I still have softly whisper haunting my mind  
And you're still on my mind

I've been on to trying stuff  
Coming home in morning light  
Drinking, drinking way too much of that  
And I don't even know what's wrong with me  
Try to forget you  
But I just can't  
'Cause you still here  
You still here

I hope you're proud of me  
I loved you endlessly  
The only thing I want right now

Tell me why  
You left I wasn't ready right now  
Tell me why  
You give me peace and love all the time

[Chorus:]

When you were closer

You were my lover

Now it's over

and we are done

And I still have softly whisper haunting my mind

And you're still on my mind

Tell me why

You left I wasn't ready right now

Tell me why

You give me peace and love all the time

[Chorus]
